# **FSCONS 2013**

Conference programme

# FSCONS

*FSCONS exists to provide a meeting place where subjects covering society, culture and technology can be discussed and brought to life in peer discussions, without being confined to each particular subject area.*

*- FSCONS manifesto*

FSCONS is organised in collaboration with many individuals and organisations, and with the support of several conference sponsors. Föreningen FSCONS wishes to thank everyone who helped organise the conference. In particular, we extend our gratitude to the many track managers who helped us put together an interesting program. Many thanks also to everyone who left their comments and thoughts about the conference to us. If you're interested in joining us for the planning of FSCONS 2014, please write to [info@fscons.org](mailto:info@fscons.org) to express your interest.
